

DGOU

German Society for
Orthopaedics and Trauma

DKOU2023
ANNUAL CONGRESS

Join us and learn more
about our work.

The German Society for Orthopaedics and Trauma (DGOU) cares for the interests of 25,000 Orthopaedic and Trauma Surgeons in Germany.

The German Society for Orthopaedics and Trauma (DGOU)

is a scientific medical organisation founded in 2008 by the German Society for Orthopaedics and Orthopaedic Surgery (DGOOC est. 1901) and the German Trauma Society (DGU est. 1922) representing the interests of Orthopaedic & Trauma Surgery (O&T) in:

- > inpatient and outpatient diagnostics and treatment
- > basic and clinical research
- > education and training for students, doctors, nurses and technicians
- > health care politics

The DGOU organisation

- > **26 committees** involved in the further development of the specialist areas of O&T
- > **8 scientific working groups**
- > **3 committees** for organisational and political development in O&T
